WORK EXPERIENCE

FullStack developer

Ebrosys Technology

05/2022 - Present

Pune

Achievements/Tasks

- 2+ years of experience with Python (Django), Java (Spring Boot), and Node.js, developing RESTful APIs and handling high-volume data integrations with PostgreSQL and MySQL.
- Proficient in ReactJS, React Native, Flutter, and Node.js for creating responsive, user-friendly mobile and web applications, achieving 99% cross-browser compatibility and mobile responsiveness.
- Strong knowledge of architectural best practices, including the AWS Well-Architected Framework, with a focus on security, performance, and cost optimization.

Web Developer Internship

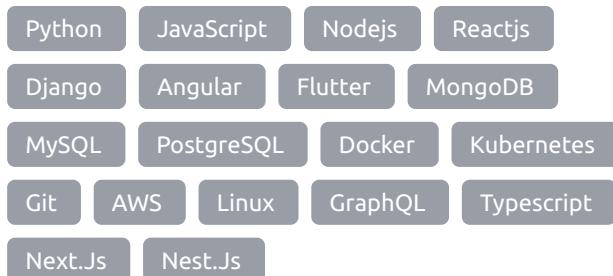

Khabai Tech

05/2019 - 05/2020

Achievements/Tasks

- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap, improving page load speed by 20 – Built dynamic, high-performance applications with ReactJS and AngularJS, achieving 95% user satisfaction through enhanced UI/UX design.
- Assisted in back-end development with PHP and MySQL, managing over 100,000 records, and optimizing data processing efficiency.
- Ensured 98% cross-browser compatibility and mobile responsiveness, enhancing user experience across multiple devices.

SKILLS

PERSONAL PROJECTS

E-Commerce Application

- Developed a scalable e-commerce platform using the MERN stack, enhancing user security.
- Integrated authentication, product listings, and shopping cart, improving user experience by 35%.
- Technology Used: Nextjs, TypeScript, TailwindCSS, MongoDB, Docker (Link)

Library Management System

- Developed a library management system using Python and Django, streamlining inventory management.
- Enhanced security with live detection reduces unauthorized access by 50%.
- Technology Used: Django, Angular, Bootstrap, Sqlite, and Docker.

Realtime Chat App

- Built a React-based real-time chat application using WebSocket for instant messaging.
- Secured authentication with Firebase SDK, enhancing reliability by 35%.
- Technology Used: ReactJs, Firebase, Bootstrap, Socket.iO, Docker (Link)

CERTIFICATES

Foundations of Cybersecurity (Google)

Cybersecurity and Internet of Things (IBM)

Introduction to Cybersecurity Tools and Cyber Attacks (IBM)

Cloud Computing (EXIN)

Blockchain (EXIN)

Security Governance and Compliance (IBM)

LANGUAGES

Full Professional Proficiency

EDUCATION

Master Of Computer Application

Vivekananda Global University

06/2022 - 06/2024

Jaipur, Rajasthan

Courses

- Data-Structures
- Cloud Computing
- Cyber Security
- Daa
- Database
- Java

Bachelor of Computer Application

Raj Naryan College

06/2017 - 06/2020

Hajipur, Vaishali

Courses

- Python
- Mysql
- Java
- Javascript
