Project: E-commerce Auto-Pricing, VIP Membership, and Payment Gateway Integration

Date: August 30, 2025

Client: Pixel Moon Store
From: Jaya Arora

This quotation outlines the development of an automated pricing engine, a VIP membership system, and payment gateway integration for the Pixel Moon Store.

1.Scope of Work

A. Final Auto Pricing System

- **Currency & Cost Management:** An admin panel will be created to set and update base currency rates (SOC, RP, USD to INR) and manage costs for product sources.
- **Dynamic Price Calculation:** The system will automatically calculate a Base INR Cost. It will also categorize products (Small, Medium, Large) and apply profit margins according to user type (Customer, Reseller, VIP Tiers).
- **User-Facing Prices:** Final selling prices will be displayed automatically based on the logged-in user's specific account type.
- **Admin Override:** Administrators will have a feature to manually override and set custom prices.

B. VIP Membership System

- **Tiered Structure:** A three-tier VIP system will be implemented: Lunar Initiate, Pixel Guardian, and Celestial Overload.

- **Unlock Methods:** Users can unlock VIP tiers automatically by reaching order milestones or by directly purchasing a VIP plan.

- **System Features:** The system will feature distinct badges for each VIP tier, integration with the pricing system for exclusive discounts, and an admin panel for managing user VIP status.

C. Payment Gateway Integration

- **Integration:** As requested by the client, the project will include the secure integration of Paytm and UPI payment gateways.
- **Functionality:** The integrated system will process payments for all product purchases and for users buying paid VIP membership plans.

2.Project Cost & Payment Terms

Total Project Budget: ₹13,500

The payment will be made in the following installments:

Payment Milestone	Percentage	Amount (INR)
Advance Payment	30%	₹4,050
On 50% Project Completion	30%	₹4,050
Final Payment (After completion & client satisfaction)	40%	₹5,400

3.Terms and Conditions

- Any changes or additions to the scope of work detailed above will be subject to a separate quotation.
- The developer shall not be held responsible for any content, services, or features (such as OTT integrations) that are added by the client post-development and may violate any legal, regulatory, or platform-specific guidelines.

4. Acceptance

Accepted and Agreed by the Client:
